

**IMAGINE...
NO FLAT TIRES**

TyrFil[®] | 360
IT MAKES A GOOD TIRE BETTER

**A POLYMER-BASED TIRE FILL
FOR CENTER PIVOT IRRIGATION TIRES**

- Use in any traditional pneumatic tire of choice
- Maintains Proper PSI, eliminating premature tire failure from flexing and fatigue
- Lightweight tire fill treads lightly across field
- Eliminates flats 100%
- Allows tire deflection for great traction
- Less rutting
- Compatible with existing equipment
- Overall lightweight assemblies
- Can be filled in all sizes and brands of tires.
- Made in the USA

**IT'S WHAT'S INSIDE
THAT COUNTS**
